

vibratory fines removalveyor™

The Cox and Plant Fines Removalveyor™ is designed to eliminate the build of fines during the various production processes. The Cox and Plant Fines Removalveyor™ we believe is the most cost efficient machine for small fragment removal from the product flow.

The Cox and Plant Fines Removalveyor™ can also be utilised as a dual function machine if the product is transported by flumes i.e. water, then this machine can de-water and de-bit all in one smooth effortless operation.

- The Cox and Plant Fines Removalveyor™ is supplied with custom designed screens to suit the product and application required.
- The Cox and Plant Fines Removalveyor™ have conveyed literally millions of kilos of food in our bid to ensure that your product is presented in its best possible form and totally crumb free!
- The Cox and Plant Fines Removalveyor™ is a quiet machine with a DBA reading below 58 dbA (without product).
