

vibratory lanerveyor™

The Cox and Plant Lanerveyor™ is designed to align product for presentation to whatever process dictates this. In recent years we have witnessed an ever increasing need for arrangement of product for effect less presentation to fryers, battering, dryers, freezers, enrobers, breading machines and their correct handling is essential to ensuring 'A' grade product is manufactured every time.

- The Cox and Plant Lanerveyor™ is supplied with custom designed alignment sections to suit the product and application required.
- The Cox and Plant Lanerveyor™ aligning sections can be supplied with varying designs for quick product changeover utilising our Quick Release Clamp™ sections for different product runs.
- The Cox and Plant Fines Removalveyor™ is a quiet machine with a DBA reading below 58 dbA (without product).
